

Stepladder Seventec B, double-sided access

Product information

General: Stable and comfortable stepladder: deep treads for safe standing, smooth stiles that are comfortable to hold. Double-sided access.

Features and benefits:

- Treads 85 mm deep for safe standing.
- Sturdy hinged connection integrated in the treads.
- High stability thanks to fold-down locking bar on both sides.
- Reinforced with a patented 7-point connection system and a central steel rod that runs right through the tread.
- Treads and stiles made from extruded aluminium sections.
- Non-slip plastic end caps.

Material: Aluminium

Note: max. load 150 kg.

Warning: According to Dutch law (Warenwet) a guardrail is mandatory for platform heights from 1 m and higher. (when used in the Netherlands)
