

Multi-function ladder Variomax V, telescopic

Product information

General: Multifunctional, extendible ladder suitable for use on stairs, with compact transport dimensions and in sturdy, durable design.

Features and benefits:

- Easy-to-use, automatically engaging aluminium safety hinge.
- Safe height adjustment thanks to four pull handles of diecast aluminium.
- Single ladder, stepladder and stair ladder in one.
- Fitted with fold-out stabilisers to allow the product to be used as a single ladder in compliance EN131-1 (except for the 4x3 model).
- The stabilisers can be folded in to save space during transport or when the product is used as a stepladder.
- Rung by rung height adjustment in increments of 280 mm.
- Quickly and easily converts from one mode to another.
- High strength, non-twist rung/stile connections.

Material: Aluminium

Note: max. load 150 kg.

Part code	number of rungs	length as single ladder m	working height as stepladder approx. m	working height as single ladder approx. m	Weight kg
41934	4 × 3	2.97	2.75	3.85	9
