

Multi-function ladder Variotec V, telescopic

Product information

General: Multifunctional, extendible ladder suitable for use on stairs, with compact transport dimensions and in sturdy, durable design.

Features and benefits:

- The ladder can be adjusted to the desired working height in increments of 280 mm.
- Folds down to a space-saving compact size for transport.
- Functional robust steel hinges, bolted and easy to replace.
- Fitted with fold-out stabilisers to allow the product to be used as a single ladder in compliance with EN131-1.
- The stabilisers can be folded in to save space during transport or when the product is used as a stepladder.
- Stiles made from extruded aluminium sections for maximum stability.
- High strength, non-twist rung/stile connections.

Material: Aluminium

Note: max. load 150 kg.

Part code	number of rungs	length as single ladder m	working height as stepladder approx. m	working height as single ladder approx. m	Weight kg
