All Terrain Step Platform FPE-AT

Product information

General:
The Branach EuroMaster All Terrain Step Platform is built for any terrain, indoors or out. Its individual adjustable legs offer the convenience and stability that users and safety experts have been asking for.

Features:

- Both legs deploy and extend independently to 1.3 m allowing safe work on uneven ground or rough terrain.
- Lightweight and durable yet load rated to 150kgs.
- Integrated front and rear safety rail situated at 0.96m above the deck.
- Step covers and equal step distance ensure safe access and egress.
- Legs fold within profile making transport and manual handling stress free.
- Fibreglass construction so workers are isolated from the ground making the product suitable for electrical work.
- Unique construction allows for quick action set up, portability, and easy store.
