

Lanyard GRILLON MGO, Petzl

Product information

The GRILLON MGO lanyard is used to make work positioning systems, to complement a fall-arrest system. Its length can be very easily and precisely adjusted as necessary for comfortable positioning at the work station. GRILLON MGO is available in two lengths: 2 and 3 m, and is certified to North American and European standards.

GRILLON MGO lanyards are equipped with an MGO connector with a very large gate opening for connection to metal structures or to large-diameter cables and bars.
