Lifting Solutions Group
Axel Johnson International

Inspection & testing of cranes

Product information

Guarantee for recognized inspection and testing of your crane.

The right crane accelerates processes and increases efficiency. We are specialists in the design, building, supply and installation of cranes. We offer an extensive range of quality cranes and can supply any type, including overhead cranes, mobile cranes, jib cranes, monorails and gantry cranes.

When it comes to hoisting and lifting, safety is number one. It starts with high-quality equipment that meets the legal standards. We test, approve, inspect and repair hoisting and lifting equipment, steel wire ropes, cranes and personal protective equipment. We can therefore visit you every year for the mandatory test and inspection. We then check the equipment on the most important points and, if necessary, carry out minor maintenance repairs. Or we replace it with a new product
