Harness Newton Easyfit

Product information

Chest anchoring

Rear / dorsal D-ring

A comfortable and quick-donning fall arrest harness

An ergonomic and comfortable design makes NEWTON EASYFIT an easy choice. Padded shoulder straps and FAST LT automatic buckles on leg loops, allows the harness to be donned with both feet on the ground without loss-adjustment.

The breathable lightweight design offers two zipped pockets for item stowing. It also allows for easy access to tools, thanks to the equipment loops and slots for the TOOLBAG pouch.
The textile sternal attachment point and metal dorsal attachment point gives great versatility.

Specifications

- Sternal attachment point: fall arrest system attachment
- Aluminum dorsal attachment point: for attaching a fall arrest system
